

2012 ASID Arizona North Student Charette Competition

Your success as a professional will be due partly to your ability to work with a variety of personalities, points of view and working styles.

This invaluable day provides you with the opportunity to work as part of a team, experience the satisfaction of the shared ownership of a concept, and feel the excitement of a shared accomplishment.

What to Expect

Upon arrival, you will be assigned to a team with 3-4 other students from other schools.

Since all students have different levels of experience and talent, all teams will be balanced so every team has the same opportunity for success.

Teams will be overseen by a professional, broadly experienced, Interior Designer.

Design concepts will be judged by Interior Design Professionals and Industry Partners of exceptional stature.

There will be two finalist teams and a winner announced at Career Day in March 2012.

Day:

Saturday

February 4, 2012

Time:

7:30 am – 6:00 pm

Location:

To Be Determined
